Special to The Courier.
SCOTTSVILLE, April 30.—The Saturday Afternoon club met at the Chestnut Street house of Mrs. Mary A. Loucks. The following officers were elected: Mrs. E. H. Reid, Scottsville, honorary president; Miss Alice Warden, president; Mrs. J. B. Campbell, secretary; and Miss Rachel Neel, treasurer. Mrs. Edith Warden was the leader. Mrs. W. W. Horner read a paper on "Dress" of Our "Grandmothers and Mothers." Miss Elizabeth Reid, discussed "Our Own Dress." Mrs. Arthur Loucks read a paper on "European Fashion Dress," and Mrs. Howard Stoner had one on "Quaker Dress." Refreshments were served and a social hour followed.

Everson Firemen Raise Flag.
The Everson fire department on Saturday evening raised a flag 20 feet above the drying tower on their hose house. The band paraded over the town and came back to the hose house where James Nowky unfurled the flag while the band played "The Star-Spangled Banner." James Nowky, acting as chairman, introduced James Keegan, who made an excellent patriotic address telling the reasons why we should be proud of the flag and giving a history of the flag since the beginning to the present day. Round after round of applause went up when Mr. Keegan completed his address. "America was sung by the audience and three cheers were given for the flag. Three more cheers were given by young Americans, the boys and girls in the crowd."

ANAEMIC PEOPLE

Need More Iron in the Blood.
If you are anemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, asthen, finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.
Mr. W. H. Hodges of Kansas City, Mo., says: "I suffered from the effects of bad blood, was run-down, dizzy, had headaches and did not feel like working. I had tried beef iron and wine without any help. After taking Vinol for four days I noticed an improvement and its continued use built up my blood and my bad feelings disappeared like magic."

The bad effects of poor, devalitized blood cannot be overestimated, and it is the best and cod liver peptonates, iron and manganese peptonates, and glycerophosphates contained in Vinol that enriches the blood, improves the circulation and in this natural manner builds up health and strength. Try it on our guarantee.
Langley Drug Co., Connelville. Vinol is sold in the West Side by Fred H. Harmering. Also at the leading drug stores in all Pennsylvania towns.—Adv.

What is National Baby Week? It's a nation-wide baby welfare campaign initiated by the General Federation of Women's Clubs in co-operation with the United States Children's Bureau, social workers and public-spirited citizens of all classes for a sincere and intensive effort in behalf of the little tots—with such worthy cries as "Save the Kiddies," "Better Babies, Better Homes, Better Cities," "Good fare, Good care, and Good air for Baby."

The DUNN STORE is glad to co-operate and observe "Baby Week" and in this connection we also take occasion to direct attention to our excellent lines of infants' appareling and needfuls of every kind. It is an indisputable fact that the proper clothing has a direct bearing on Baby's health—and we would emphasize that all our lines of infants' wear are productions of makers of recognized leadership in these lines, correctly and properly made in clean, sanitary shops.

MOTHERS, DO THIS—
When the Children Cough, Rub Musterole on Throats and Chests.
No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.
As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.
It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia).

When Roadster Overtaken, Andrew Rumbaugh Finds Horse and Buggy Unsatisfactory.

FORM NEW RED CROSS UNIT

Twenty Girls of the Younger Set Already Have Done Much Sewing For the Soldiers; Open House For Mrs. Gordy Is Kept by Mrs. Stevenson.

Special to The Courier.
MOUNT PLEASANT, April 30.—On Friday morning when Andrew Rumbaugh, the popular Mount Pleasant farmer, was returning to his home from Mount Pleasant in the Ford roadster, he struck a large stone in the road just in front of the Standard school and was thrown out. His car was completely demolished. On Friday afternoon when Andy made his second daily trip to town he had to go back to the horse and buggy but Saturday morning found Andy buying another roadster.

Keeps Open House.
On Friday evening Mrs. S. C. Stevenson kept open house for friends of Mrs. U. L. Gordy, who belonged to club of which Mrs. Stevenson was a member. Many called and wished Mrs. Gordy success on her journey and in her new home. Refreshments were served.

New Red Cross Unit.

Twenty of the girls of the younger set have formed a unit of the Mount Pleasant Red Cross Chapter to be known as E Unit and will meet every Saturday afternoon at the Nemaacolin Club rooms and sew for the society. The girls up to date have made 22 pillow cases, six dozen tray covers, four dozen wash clothes, Miss Elizabeth Braddock has been elected chairman and Miss Ardie Doncaster secretary and treasurer.

What More is There to be Said? Mr. Moderate or Excessive Drinker

More than 5500 men and women's struggles against liquor have been ended by this simple "Neal Way." You should share in our progress. We have made progress in the curing of drink to mastery of self. Every man and woman knows that liquor causes more financial loss, crime, misery, disgrace, suffering and death than all else combined. Why not graduate from the class of which King Booze is Professor and join the Alumni of clean living and clear minded men? Commencements are being held at all the Neal Central Division of Neal Institutes each day; men are

being sent out to face their business and professional problems with the craving and appetite for liquor gone. We neutralize and eliminate all alcoholic poisoning, which causes the craving, in but just three days with a purely harmless vegetable remedy taken internally without the aid of a single hypodermic injection.

You are welcome to investigate our treatment, to visit us and be shown thru our institute at any time. Names of patients are never revealed.

Join the Class before it is too late. What more is there to be said? Write or send for booklet, Neal Institute, 373 Winnebelle Avenue, Pittsburg, Pa., Phone Highland 1380. Open day and night. Other Neal Institutes located at Cleveland, Columbus, Cincinnati, and Detroit.—Adv.

HOW FAT FOLKS MAY BECOME SLIM

Get Rid of Ten to Sixty Pounds.
To be excessively fat is very mortifying. People who are too stout are usually sensitive on this subject. Style and fat folks are strangers. Therefore, people who are carrying around a burden of unhealthily and unsightly fat will be glad to know that they may reduce their weight without starvation diet or extreme exercises.

If you want to become thinner in a simple, safe and reliable way, here is a little worth trying. Spend some time daily in the open air, and get from the druggist a box of all of Kola's capsules; take one after each meal and one before retiring at night. Also follow the other simple directions that come with the box.

Weigh yourself once a week so as to know just how fast you are losing weight, and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of kolan is absolutely harmless, is pleasant to take and costs little. A testing sample, with book, will be mailed free. In plain envelope, if you write to Kola's Company, 137 E. Avenue, East 25th Street, New York, N. Y.

Even a few days' treatment has been reported to show a noticeable reduction in weight, with the flesh firm, the smooth and the general health improved.

If you are ten to sixty pounds over normal weight, you should give this treatment a trial. You will likely find it is just what you need.—Adv.

Absolutely the Last Sets

(anywhere in the world) of the Cambridge University Issue of the Encyclopaedia Britannica, Printed on India Paper, are now being sold and within the next six or seven days will all be gone.

No more can be printed; therefore, not another set can be sold. If you want one of these sets, order it at once. Unless you order it now you cannot own the Britannica in this sumptuous, large-paper, large-type format at all.

If you should decide that you want to own a set of this great work in the Cambridge University Issue, go to the store named below, examine the different bindings and make up your mind which one you want.

(You can, at the same time, see the popular, low-priced Handy Volume Issue of the Britannica. It is word for word and line for line the same, the only difference being that the page is smaller and the type is smaller).

"All Sold—Not Another Set Left"

will have to be our message to those who write us about the Cambridge Issue after another six or seven days.

If you cannot go to the store, but KNOW that you want the Cambridge University Issue of the Britannica—cut out and mail the attached order form (see below).

You Will Always Be Proud to Own the Great Storehouse of the World's Knowledge in Such a Magnificent Form

The Britannica's acknowledged scholarship, and its pre-eminence as the finest collection of exact knowledge ever published, warrant its publication in this handsome format, so pleasing to the eye and so distinctive an addition to your library shelves.

But This is Positively the Last Opportunity You Will Ever Have to Buy It—This Is Our Final Notice

The popular Handy Volume Issue, for the money it costs, is just as good a purchase, and you may prefer it because it is smaller and "handier," but the Cambridge Issue, although it costs more than twice as much, is worth the additional outlay, especially to those who appreciate and will only have THE BEST of everything.

Less Than 1,000 Sets Remain

76,000 sets of the Cambridge Issue have been printed, and less than 1,000 remain. In this form the Britannica has been purchased by

Mr. Rockefeller, Mr. Carnegie, Mr. Schwab, the late James J. Hill, Cyrus McCormick, H. C. Frick and hundreds of other millionaires.

By every Government Department, Bureau and Official Board.

By over 50 executives of the Pennsylvania Railroad; by over 40 of the United States

Steel Corporation—and so on, throughout the world of big business.

By Ex-President Eliot of Harvard (who bought two sets for his grandchildren), and by the presidents of every other American university.

By the big banks, banking houses and insurance companies.

By all the large manufacturing plants, and by thousands of business firms.

By thousands upon thousands of business and professional men—leaders in every line of activity.

By the leaders of the American Bar and by over 11,000 other lawyers.

By thousands of clergymen and thousands of doctors.

The Cambridge Issue of the Encyclopaedia Britannica is also owned and used by all the European rulers; by the Emperor of Japan and by the President of the Chinese Republic.

To Get the Cambridge Issue, Act NOW

In a few days it will be too late. You need pay but \$5.00 down and \$5.00 a month to get one of these last sets—the last there ever can be. No more India paper can be made, and therefore the Cambridge Issue of the Encyclopaedia Britannica will probably never be printed again.

Go to the store (see below) and see the different bindings; or, if you cannot do that, but are sure you want one of these last sets, use the order form below.

If you want to examine the Cambridge Issue and compare it with the Handy Volume Issue (which is sold at 60 per cent. less), you can see both sets and inspect all bindings if you go TO-DAY to

DUNBAR, April 30.—E. J. Gough of Boston, and A. Amos of Chicago, were business callers here Thursday.

Dr. J. L. Junk was here on professional business, recently.

Clark White has rented the Allen Carrie Bryson, property on Bryson hill. Miss Carrie is preparing to leave for Hartsville, O.

Miss Clara Farr of Revora, is visiting her aunt, Miss Anna Farr.

The Ladies Aid society of the Methodist Protestant church held an all day session in the church last Thursday.

Mr. and Mrs. K. K. Kramer and daughter, Sara, of Connelville, were here Thursday.

Mrs. Charles Wheeler of Briar Hill gave a surprise party on her husband's 36th birthday last week. The table was decorated with pink carnations. Various games were played. Music was furnished by Bruce and Grant Wheeler, Mrs. Charles Wheeler

Miss Helen Cope and little Miss Gertrude Doyle. Refreshments were served at a late hour. Those present were Mr. and Mrs. Grant Wheeler and two daughters, Ethel and Beulah, Mr. and Mrs. Guy Wheeler, Raymond Wheeler, and Arty Vance—all of Brownsville; Bruce Wheeler and son Robert, and daughter Lucinda, Miss Georgeanna Sennet, Mr. and Mrs. U. Black and son Ernest of Uniontown; Mr. and Mrs. John Doyle and daughter Gertrude, Mrs. Harry Shipley and two sons, Raymond and Harry, John

Brush, Mrs. Gertrude Cope and grand-daughter, Miss Helen Cope, all of Dunbar; James King, Mr. and Mrs. Harry Kelley of Briar Hill.

Dull, lifeless eyes, colorless lips, yellow cheeks give a girl little chance for a "man" these days. Don't lose heart, just take Hollister's Rocky Mountain Tea. Don't delay—surprise yourself and friends. 35c. Connelville Drug Company.—Adv.

How to Heal Skin-Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At 30¢—reliable Guggulu's get a jar of resinol ointment and a cake of resinol soap.

These are not at all expensive. With the resinol soap and warm water bath the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Almost any soap will clean the skin and hair. But those who want a soap which not only cleanses but actually helps the complexion and hair are wise to choose resinol soap.

FARMERS MUST WIN THE WAR

Until it became inevitable that the United States would be obliged to become a participant in the European war, Gifford Pinchot, not otherwise unknown to fame, was one of the ultra pacifists. With Bryan and other supporters of nonresistance he helped vigorously to spread the peace propaganda. When the war was taken upon which the United States was to war the ex-Chief Forester, along with other well-meaning citizens, who had been prejudiced on the peace proposition, promptly set himself straight upon the vitally important question of preparing our country to withstand the shocks which must issue from our belligerency. Of the urgency of the situation he has now said it, and the means to meet it Mr. Pinchot writes The Courier as follows:

"The safety of our country just now is in the hands of our farmers. What I mean is not merely our safety and the safety of our allies in the matter of food. I mean that the safety of the United States against foreign invasion hangs on the decision of the farmers of the forty-eight states.

"The two great weapons in this war are arms and starvation. The war against Germany must be won or lost in France—the war against starvation will be won or lost in America. The Kaiser cannot win the French and English armies and the English navy while England has food. But it is still possible that the German submarines may be able to keep food enough from reaching England to starve her into submission.

"If the submarines win, the first item in the Kaiser's terms of peace will be the English fleet. With the English fleet in his possession, the Kaiser will be master of the world.

"What will happen to us then? Every man who stops to think knows the answer. We shall have no more food, labor, and everything that is desirable in the world except the power to protect what we have. Experts estimate that it will take us nine months to get ready to meet a German army of over 1,000,000 men, with modern artillery. Under such circumstances, would the German treat us better than they have already treated Belgium and France?

"Even if the armies of our allies should crush the German military power this summer, before the shortage of food can reach the point of want, the world would still need vast quantities of American food. But if they do not, only one course can make us safe, and that is to grow enough food on our farms for ourselves and our allies, and to put ships enough on the sea to carry the food, in spite of the submarines, to the men who are fighting our fight.

"If the war lasts beyond this summer, it will be the American farmer who will win or lose the war, who will overthrow militarism and autocracy, allow them to spread and control the world, or survive included.

"This is no fanciful picture, but sober fact. Many a man will make light of it until he comes to think it over, but I venture to say that few will treat it lightly after careful thought. It is no more impossible than the great war itself appeared to be, only a few days before it began.

"The clear duty of the nation is to guarantee the farmer a fair price for his crops when grown and a reasonable supply of labor to harvest. The clear duty of the farmer is to raise food enough to win this war for democracy against militarism.

"No such responsibility has ever rested on any class of men since the world began as rests today on the farmers of America.

"The farmer is not alone in his responsibility in this crisis, neither will he fail short of accepting his full share. This he will do to the extent of his ability, but he can do no more. He will need the help of labor, which is now short in supply and will become more restricted as the season advances. This condition, the relief of which is absolutely necessary to any material increase in the production of the staple foodstuffs, must be remedied. State and national agencies will provide certain aids to the farmer but to enable them to utilize these to advantage, assistance must come from some other source.

"To meet these conditions a heavy obligation rests on the several communities which are the centers of farming sections—an obligation which cannot be disregarded. In meeting it effectively results cannot be secured by depending upon individuals alone. There must be a systematic and well arranged plan in which there will be no loss of motion, no duplication of effort. This can be accomplished only through an organization of forces, such as is comprehended by the steps taken by the committees on public safety in Conneltsville and Uniontown, when they met last Saturday and decided to enlist the cooperation of Farm Agent Dougherty in a systematic plan to increase food production in the county. County Superintendent Carroll has issued a call for a meeting of school directors, farmers, school men and all persons interested in the problem of farm and garden production, with the same end in view.

"Several counties in the eastern part of the state have entered upon campaigns of this kind and are making rapid progress. A prerequisite to success is unity of purpose and full cooperation between all agencies. To this end there should be, as Superintendent Carroll suggests, 'a pooling of interests.' The farming season is coming on apace hence there should be as little delay as possible in getting to work, both on a comprehensive plan and in the fields.

"The farmer will win the war if all other interests join in providing the aid he must have.

ACCORDING TO FITNESS AND NEED.

The passage by the large majority of the army bill, authorizing selective conscription, gives conclusively that the people of the United States are determined that our preparation for war with Germany shall be by the best methods and upon a scale suited to the needs of the gigantic undertaking.

Profiting by England's unsatisfactory and costly experience in attempting to raise an adequate volunteer army during the early months of the war, we will now be in position to take our place as a participant in it in relatively the same state of preparedness that England has reached at this time, insofar as our quickly available man-power is concerned. Our army will, of course, lack the training acquired by the British troops now in the field or in the reserve camps, but all uncertainty as to whether the men are to come, or how they are to be secured, is now removed.

The matter of training them will receive very assiduous attention. Under the thorough instruction of regular army officers, and with the aptness of the American recruit to learn, it can safely be predicted that our army will be rapidly transformed into an efficient fighting force, having the spirit, dash, vim, vigor and resourcefulness rivaling that of the Canadians who have contributed so largely to the success of British arms on the battlefields of France.

The adoption of the universal service system by the United States will prove a stunning blow to Germany's hopes and expectations that we would repeat the mistakes of England and waste months of precious time in an attempt to raise a volunteer army of sufficient size to become an important factor in the conflict. The military situation of Germany must now realize that the United States, with a full comprehension of the task before us, means to throw our unlimited resources of men, money and materials into the work of preparing for and prosecuting the war to a successful end. They realize, too, that after our preparation, and we are ready to strike, the blows we shall deliver will fall heavy and fast and that we will have such strength and force in reserve that we can quickly follow up every advantage that may be gained.

The war we are about to enter upon will be the biggest undertaking we have ever faced. We are known to have done so many big things in a big way in industry and the other arts of peace that the world, no less than our own people, will expect us to meet the war in a big way. With the necessary machinery of preparation now authorized we can provide a big army quickly and by the method most readily proven to be the best. In the mobilization of this army the bigger army of industry will not be depleted through the volunteering of its most capable workers for service with the colors. Instead, there will be a distribution of service between men at the front and in the industries according to their fitness and according as the country has need of them.

Shoes are now being made from the skin of sharks caught in the tropical waters. Unfortunately no one has yet discovered a neat and effective method of adding the skins of the food sharks who thrive inland to the supply of raw material for shoe making.

The furrows will form the first line of trenches.

Judged by the facility with which he changed his mind on selective conscription, Speaker Clark came dangerously near encouraging upon the inherent right of the sex represented by the "member from Montana," and she herself exercised that right strictly according to tradition.

Almost any kind of a hoe will do now except a Hohenzollern.

The local cot-tell of the Junior Order of United American Mechanics promises satisfaction. By arranging to pay the dues of all members who enlist for the war it will also practice patriotism.

We are approaching a new standard of living in the United States. Your standing will be determined more by how you save than by what you spend.

"Put your toe behind the flag" and work the hoe for the flag.

Human life is the cheapest thing in Germany.

When the new army bill becomes effective men cannot be slackers even if so disposed.

Why Don't the World Love Germany? Financial America.

One of the correspondents who has been in Germany since the early days of the war writes that today the best brains of the Fatherland are intensely studying the problem of Germany's world-wide unpopularity, seeking the solution which is seen to be a prerequisite to peace.

This certainly is a problem. Almost as much of a problem as that which puzzled the youth who, when a girl did not seem responsive to his attentions, poisoned her father, broke up the furniture, set fire to the house, threw her daughter, kicked her out and then, with tears in his eyes, asked her, "Clarrie, why don't you love me?"

An Army Division and Its Equipment

Compiled from data not hitherto published, the National Geographic Society has issued from its headquarters in Washington the following bulletin on the units and equipment of an infantry division of the United States army as now constituted. The light of the lessons learned during the 31 months of warfare in Europe:

"As reorganized for the war with Germany, an infantry division of the United States army will number 25,000 men more than a division of the German army as now constituted. The German divisions are made up of 17,000 men and 4,000 horses; the new United States division at maximum strength will be composed of 25,235 men, 6,834 horses, and 4,875 mules.

"The average layman has little conception of the various units which go to make up an infantry division or the enormous cost of its equipment. According to estimates made two years ago, the cost of fully equipping a division amounts to \$7,500,000, but since that time the cost of materials has advanced so greatly that a conservative estimate requires the addition of 20% to this amount, making the total in excess of \$9,000,000. And this takes into consideration the immense saving effected by the Council of National Defense in providing for the purchase by the government of munitions and equipment at a profit to the manufacturer, instead of to the contractor.

The new United States army divisions will be composed of the following units:

Three infantry brigades, 15,675 officers and men.
One field artillery brigade, 4,000 officers and men.
One regiment of cavalry, 1,575 officers and men; 1,541 horses.
One regiment of engineers, 1,000 officers and men.
One field signal battalion, 250 officers and men.
One horse squadron, 175 officers and men.

Prepare Today

Preparedness has gotten to be a habit. It has reached the women. They are now making wonderful preparation for spring and summer clothes. Of course, knowing this demand would come, it made it necessary for good merchants to prepare. As the Union Supply Company is in that class we months ago started to prepare for the spring and summer business of nineteen-seventeen. Never in our history have we had such tempting lines of women's raiment and goods for making women's wear. The weather has been unfavorable and it is early yet for the dainty spring and summer novelties in dresses, shirt waists, skirts and many beautiful designs in cloths for dresses, as well as many beautiful colorings in domestic washable dry goods of all sorts. The season is backward, yet the women will buy them, and prepare them all ready to spring on the public when the weather is desirable. So late shoppers who have not yet prepared, or made no plans, had better get busy now before all the choice things are gone. Remember now that dress goods, waistings, and skirtings are not all. There is a wonderful array of beautiful ribbons in all the colors of the rainbow, and then some, moderate in price. There is a wonderful stock of fine, fancy hosiery, most beautiful colors, attractive for women and misses, moderate in price. There are attractive summer sweaters of silk, and beautiful colors in woolen sweaters. The best way to find out about these popular lines is to make a visit to the nearest Union Supply Company stores. There are many other attractive things in the way of new spring raiment that we feel sure a visit will be to you a benefit not only in supplying you with choice lines of goods that you cannot get elsewhere, but it will be a money-making venture.

SCHOOL REUNION

Former Teachers and Pupils Gather at Tyone.

A very pleasant day was enjoyed at Tyone school house in Lower Tyone township Saturday, when many former teachers and pupils gathered for a reunion.

The program was opened by devotional exercises by Rev. W. B. Purcell of Dawson. Drills and songs of a patriotic nature were given by the present pupils of the school, and many talks of a reminiscence nature were given by old teachers and pupils.

The interior of the school house was decorated with flags and the work of the pupils. The reunion was arranged by the present teacher, Miss Edna Torrence.

The following former teachers were present: J. M. Luckey, J. C. Hagerman, Mrs. Martha Gallagher, Mrs. Minnie Hixon, and S. S. Shallenberger, all of Lower Tyone township, and J. E. Newcomer of Monaca.

Among the former pupils and friends present from a distance were the following: J. E. Newcomer and family, Mrs. Nannie Layton Berry and two children, C. W. Shallenberger and daughter, C. W. Shallenberger, daughter of Monaca; Mrs. Margaret O'Neal, Uniontown; Mrs. Alice Newmyer and grandson, Paul, of Star Junction; R. E. Laughrey, Mrs. Bell Brown Harter, Mrs. May Brown Shotts, Miss Sarah B. Brown, Mrs. Ella Stickler Lowellyn, Scottsdale; Mrs. Alma Fox Waggoner and two daughters, Irwin; Mrs. Cora Toience Laing, Edna Shallenberger, Owensdale; Arthur, Frank, Ethel, Edith and Ruth Leighty, Alverton, W. B. Purcell, Dawson; Mrs. Florence Franks, Vanderhill.

EVERSON PAIR WEDDED 50 YEARS

Mr. and Mrs. David V. Bixler Celebrate Close of Half Century of Married Life.

Mr. and Mrs. David V. Bixler celebrated their 50th wedding anniversary yesterday at their home in Everston. With them were their nine children, and their families, a sister and a brother of Mr. Bixler and a sister of Mrs. Bixler, there being about 40 guests in all.

Mr. Bixler was born in McClellandtown and Mrs. Bixler in Connelville township. Mr. Bixler is 78 years old, and Mrs. Bixler, whose maiden name was Eliza Shallenberger, is 70. They were married in 1867 in Mount Pleasant by Rev. Woodburn, a Baptist minister then located there. Though the oldest son of the union is 48 and the youngest 26, and six of the children are married and have families, there has not as yet been a death either among the children, or in the children's families.

A noon yesterday a dinner was served. The couple were a wedding cake, heart shaped. The house was decorated in gold. Many beautiful presents were received by the old couple.

Mr. Bixler was freight and passenger agent at Everston for the Baltimore & Ohio railroad until he was retired by the company after almost 45 years of service at the Everston depot.

Those present at the anniversary celebration were Mr. and Mrs. H. C. Bixler and son Donald, a student of Princeton, residents of Philadelphia; Mr. and Mrs. George Bixler and children, Minnie, David, George and Margaret of Scottsdale; Mr. and Mrs. John Bixler and children, Harold, Charles and Edward, of Blairsville; Mr. and Mrs. Charles Bixler and children, Ellen and Charles of Scottsdale; Mr. and Mrs. Jesse Berg and children, Jean, a student at the University of West Virginia, Gladys, Evelyn and Dorothy, of Point Marion; Mr. and Mrs. H. C. Hambrey and children, Mary Elizabeth and Virginia of Wilkinsburg, D. Roy Bixler of New York; Will S. and Ralph Bixler, at home; Mrs. Sarah Fairchild, Mrs. Bixler's only sister, 75 years old, and son, G. M., of Franklin, Ohio; Mr. and Mrs. Owen Kane of Everston, Mr. Kane being Mrs. Bixler's sister, Mr. and Mrs. A. O. Bixler of Connelville; Mr. A. O. Bixler is a brother of H. C. Bixler.

Endorse Wilson's Policy.
At a meeting of the executive committee of the Woman's Suffrage Organization of Fayette county, held Saturday afternoon in Uniontown a resolution endorsing President's Wilson's policy in regard to the war was passed. A resolution asking the President and Congress to pass a national prohibition law of a war time measure was also passed. Mrs. W. O. Schoonover of this city is a member of the committee.

Band Concert Tonight.
The Connelville Military band's annual concert will be given at the Soldiers' theatre tonight. The program will start promptly at 8:30. Indications point to a large crowd.

The Grim Reaper

MRS. WARD H. RINGLER.

Largely attended was the funeral of Mrs. Ward H. Ringler held yesterday afternoon at 3 o'clock from the residence of her parents, Mr. and Mrs. John Chamberlain in North First street, West Side. Rev. E. D. Burgess, pastor of the Trinity Lutheran Church, officiated. There were a number of handsome floral tributes. Interment in Chesnut Hill cemetery.

PAUL O'ROURKE.
Paul O'Rourke, 36 years old, son of Patrick and Mary O'Rourke of Uniontown, died last night at the O'Rourke home in Lenox street following an operation for appendicitis.

MRS. MARY S. YOWLER.
Mrs. Mary Scott Yowler, widow of Aaron Yowler, died Saturday at her home in South Union township.

MRS. ELIZABETH W. HACKNEY.
The funeral of Mrs. Elizabeth Wyly Hackney, who died Saturday morning at her home in Uniontown, will take place tomorrow afternoon at 2 o'clock with Rev. T. M. Thompson, pastor of the Third Presbyterian church, assisted by Rev. W. Hamilton Spence, officiating. Mrs. Hackney was a native of Greene county. She was born December 30, 1830, a daughter of Jacob and Hannah Wyly. October 5, 1852, she was married to Hiram Hamilton Hackney of Fayette county. Deceased was the mother of Dr. J. S. Hackney and E. S. Hackney of Uniontown, and was a resident of Uniontown for more than half a century.

MRS. ELIZABETH CARTER.
Mrs. Elizabeth Carter, wife of S. S. Carter, died Saturday night at the home of Mrs. Anna Newson in East Gibson avenue. Services were held this afternoon from the Mount Olive Baptist church in Uniontown.

SQUIRE S. M. KEEFER.
Squire S. M. Keefer of Youngwood died suddenly Saturday of heart disease. Mr. Keefer moved from Ruffsdales to Youngwood 16 years ago and served one term as justice of the peace.

JESSIE HYATT.
The body of Jessie Hyatt, who died at the home of his son, James J. Hyatt at South Connelville, was shipped to Maple Summit yesterday morning on Baltimore & Ohio train No. 42 by Funeral Director Charles C. Mitchell and removed to a church at that place for services. Prayer was offered at the Hyatt home in Woodlawn avenue by Rev. W. H. Conley, pastor of the South Connelville Evangelical church.

MRS. MARY ANN CORE.
Mrs. Mary Ann Core, about 80 years old, widow of John Calvin Core, and mother of Attorney John M. Core of Uniontown, died yesterday morning at the Core home in Franklin township, near Vanderbilt following a few months' illness. Funeral tomorrow afternoon at 2 o'clock with Rev. Meyers, pastor of the United Presbyterian

Clears Blotchy Skin

Don't worry about blotches or other skin troubles. You can have a clear, clean complexion by using a little Zemo. Zemo easily removes all traces of pimples, black heads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and costs a mere trifle for each application. It is always dependable. The B. W. Ross Co., Cleveland, O.

Church at Laurel Hill, officiating. Mrs. Core before her marriage was Miss Mary Ann McMullin. Virtually all her life was spent in Franklin township. One son, Attorney John M. Core of Uniontown, survives. Mr. Core died June 13, 1910.

RAISES ANOTHER FLAG.

Colonel J. J. Barnhart is Central Figure in Leisenring Ceremonies.
Colonel J. J. Barnhart again was the central figure in a flag raising ceremony held at the home of J. J. Nicher at Leisenring, Friday evening. A 50 foot pole had been erected and 200 residents of the coke village gathered for the patriotic demonstration. Colonel Barnhart raised the flag to the top of the staff and three rousing cheers were given by the crowd. The colonel made a short speech. Several patriotic airs were played by the Leisenring band. Refreshments were served.

MOOSE BAZAAR TO OPEN.

Novelty Dance Feature of Tonight's Program.
Plans have been completed for the opening of the Moose bazaar in McCrory hall tonight, and all indications point to the biggest event in local lodge history. A new feature for every night is part of the program which has been prepared. Tonight there will be a novelty dance. The bazaar will continue for a week.

PLAYERS WORKED HARD IN OLD DAYS

Baltimore Orioles the Greatest Team, Says Hughey Jennings.

ALL HIT OVER .300 MARK

Would Spend Hours Daily Hitting Out the Ball—Want to Work at 10 in Morning—Player of Today Hates to Give More Than Twenty Minutes to Batting Practice.

Hughey Jennings was talking of players of today and of yesterday. Naturally he spoke at length of the greatest of all ball clubs of the past—the Baltimore Orioles of the thirties, the team of his playing days, the team of McGraw, Keeler, Kelly, Robinson and Brodie. "The .300 hitter is a rarity now," said the Tiger leader. "When McGraw and myself played ball a man had to hit .300 to be considered of much value to a club. There were a lot of .300 hitters in the old days. That does not mean, though, that the pitchers were not up to the present standard. "When we played ball there were not the high salaries that prevail today; also there was not the tendency

among players to give as little time to the game at which they were making their living as possible. "McGraw, Kelly, Robinson and myself would spend hours practicing batting. When we were playing we would go to the park at 10 in the morning and stay there until after the game. We were not ordered to do this. We did it because we loved to play ball and wanted to make ourselves as proficient as possible. That is why we could hit .300 or better. "The player of today hates to give twenty minutes to batting practice. After he hits a few times he doesn't care about missing his turn. The stars don't practice at all after the season opens and they are in condition to play. "I have an old picture at home that I consider the most unusual baseball photograph ever taken. It is of McGraw, Kelly, Brodie, Robinson and myself on the old Baltimore grounds twenty-two years ago. The reason the picture is so unusual is that it was taken after the season had closed and we had won the pennant. Do you get it? It is a photograph of five of the champion Orioles at morning practice after the National league race was over and they had won the flag. "I'm not one of those who think of the good old days gone by and say that the modern player does not compare with the old timer in general ability. I will say this, though—in love for the game and desire to perfect themselves in all nuances of play the men of the generation gone by were 1,000 per cent beyond those of today. That is why so many more of them hit over .300."

REAL TIE GAME WAS PLAYED IN BROOKLYN

Teams Were Even In Nearly Every Phase of Competition.

One of the most remarkable tie games, and the only real one on record, was played at Brooklyn on Aug. 13, 1910, between the Brooklyn and Pittsburgh teams. It was merely a tie, but they went further and tied every total in the box score. They had the same number of players at bat, who made the same number of hits and, compatible with a tie, scored the same number of runs. The teams had the same number of putouts, the same number of assists and the same number of errors.

MILAN SCORED FIRST HIT.

And Title Walker Knocked a Triple That Counted a Rally. Clyde Milan of the Senators made the first hit of the 1917 baseball season at 3:05 on the afternoon of April 11 in the first inning of the Washington-Philadelphia game. The Senators also led off with the first run, when Smith singled in the first inning.

second inning and raced home at 3:15 on a triple by Judge, which went sliding over Thurston's head. The Polo grounds furnished a close second when Hooper, the first man up for the Red Sox, singled to right at 3:21 and scored at 3:25. A sacrifice, an infield hit and a three bunter, the latter by Walker, sent Hooper around.

WOULD CURTAIL RACING.

Bill Introduced in Canadian Parliament Limiting Number of Tracks.

Turfmen are alarmed just now by the report that the Canadian parliament may curtail racing in this dominion. A bill has been introduced limiting the number of race tracks in each province to one. If the bill passes twenty-two tracks in the provinces of Ontario and Quebec will close their gates. Last year racing, outside of British Columbia, was conducted on the following race courses: In the province of Ontario, Fort Erie, Compuhant park, Ottawa; Woodbine park, Toronto; Eglinton park, Toronto; Millcrest park, Toronto; Windsor, Kenilworth and Devonshire parks, all of Windsor, and the Hamilton track. In the province of Quebec, Deloraine, Dorval, Blue Bonnets, Maisonneuve, King Edward, Mount Royal and Kempton parks, all located at Montreal. The proposed law will cut the racing season in Ontario and Quebec to fourteen days in the spring and fourteen in the fall.

New Swimming Mark.

Miss Olga Dorfner of Philadelphia established a new world's record for 100 yards at the women's inter-city swimming meet, covering the distance in 7 minutes 32.15 seconds better than the record held by Frances Durnek of Australia. Philadelphia team A won the meet with a score of 32 points. Philadelphia team B scored 13 points and the New York team 9 points. The relay race was won by Philadelphia team A. Miss Martha Kelle of Philadelphia won the 100 yard national breast stroke championship, a new title, covering the distance in 3 minutes 40.15 seconds.

INTERURBAN TRACTION SECURITIES

RANK HIGH AMONG SAFE INVESTMENTS

The far-sighted are keenly alive just now to two financial facts. First, the possibilities of good investments; second, the need of care in the selection of those offered. "Safety First" should be, and no doubt is, the controlling factor in deciding where and how to invest your hundred, or your thousand, or your ten thousand dollars.

The JOHNSTOWN AND SOMERSET RAILWAY COMPANY offers an exceptionally good opportunity for shrewd, careful investors who wish to place their money where it will not only be safe and sure, but increase rapidly in value in the very near future.

The history of any Interurban Traction Company that was wisely projected, and properly handled, proves them to be among the best and safest investment offered the public. An investigation of the absolute facts, and the big possibilities of the JOHNSTOWN AND SOMERSET RAILWAY COMPANY with its 36 miles of road running from Johnstown to Rockwood via Somerset, through rapidly developing coal fields, growing towns and boroughs, now devoid of transportation facilities and crying for relief, such an investigation must prove to the most skeptical that the securities offered by this company are the equal of any investment securities ever offered in the state.

FIGHT CLARK ACT REPEAL

Beldelman Measure Putting Third
Class Cities Back Under Council-
man Supervision Not Acceptable
to the Various Municipalities.

Special to The Courier
HARRISBURG, April 30.—Office
holders on "the Hill" are awaiting
with more than considerable interest
the first indications of the policy of
Senator Charles A. Snyder of Schuyl-
kill county as auditor general which
office he will assume during the com-
ing week. It is understood that as
auditor general Mr. Snyder will re-
fuse to recognize the official actions
of the heads of departments named
by Governor Brumbaugh, but not
confirmed by the Senate. It will be
remembered that early in the present
session the governor named D. Ed-
ward Long superintendent of printing
and binding, to take the place of A.
Nevin Pomroy of Chambersburg,
who was asked to resign Long's
nomination was sent to the Senate,
where it rested in committee for a
while and was later withdrawn by
the governor. The nomination of
Daniel Latoun of York, recently named
banking commissioner, will not be
sent to the Senate until the close of
the session. The administration holds
that its appointments are commissioned
until the end of the legislative ses-
sion, and that confirmation by the
Senate is not necessary in order to
enable them to exercise the functions
of their office up until that time. But
Senator Snyder has expressed differ-
ent views. The administration has
taken the stand that if Snyder carries
out his threats and attempts to hold
up salaries he will be mandamused,
and an attempt is made to compel him
to honor the governor's commissions.
If Snyder continues on the warpath
the factional fight between the For-
tore and Brumbaugh elements in the
Republican party will in all proba-
bility wage more fiercely than ever, un-
less the administration is able to
demonstrate the legality of the posi-
tion it has taken.

After several weeks of controversy,
the way has been cleared for the
speedy enactment of the bill appro-
priating \$2,000,000 for state defense
purposes. The controversy began
when Senator Snyder and his col-
leagues declared that no appropri-
ation bill would be passed that did not
include Snyder on the board that will
handle the fund when appropriated.
The original proposition of the ad-
ministration was that the money be
expended at the discretion of the gov-
ernor. The bill that finally passed
the Senate, and is now on second
reading calendar in the House, pro-
vides that the board of administration
of the fund will be composed of the
governor, the lieutenant governor,
the state treasurer, auditor general
and adjutant general.

Another preparedness bill was
launched during the week. It pro-
vides for the formation of a military
reserve composed of three regiments
of infantry and one squadron of cav-
alry. This force would not be called
into actual service unless all nation-
al guard units were called out of the
state.

The coming week will witness the
beginning of a fight to secure the
enactment of prohibition laws de-
signed to apply only during the dura-
tion of the war. The House killed the
Vickerman local option law by a de-
cisive vote. It will be recalled. The
law and order committee this week
reported the Mitchell, statutory pro-
hibition bill negatively. Efforts were
made in the committee to make it a
war bill, but these efforts failed.
Representative Lee N. Mitchell of
Jefferson county then introduced a
"war time prohibition bill," and dur-
ing the coming week he will see what
he can do toward bringing it out of
committee. The shortage of grain
during the war is urged as one rea-
son why the bill should pass. An
exceedingly lively fight awaits the
bringing of this bill onto the floor of
the House from committee. If it over-
comes from committee.

The Suffragists, who failed to get
their constitutional amendment
through the House will the coming
week present a bill designed to per-
mit them to vote in presidential elec-
tions and primaries. The legislature
can pass a bill enabling women to
vote for all offices not mentioned in
the state constitution.

The appropriations committee this
Monday heard Auditor General Powell
explain why he employed expert ac-
countants to go over the books. Pow-
ell denied that his books were not in
balance and said the reason he em-
ployed experts was so when he went
from office Monday he could prove his
books were on the level. In explain-
ing his fear that an effort might be
made to "job" him Powell said that
an effort had already been made to
abstract records from his office. An-
other scrap during the week was
that participated in by Senator Syn-
der and Senator Vane. Snyder had
introduced a resolution calling on the
governor to tell why he had sent no
nominations to the Senate. The resolu-
tion provoked an angry rejoinder
from Senator Vane, the Brumbaugh
spokesman. In the Senate, Snyder
came back with an attack on the gov-
ernor and the governor's political ad-
visors, the attack being so warm and
fervid that Senator Buckman's motion
to have the remarks stricken from
the record was passed immedi-
ately.

Third class city legislation will oc-
cupy a place in the sun the coming

An Important Sale of Women's and Misses' Dresses!

One Special Group of 100 Late Style Dresses to Sell at \$10.75.

One Special Group of 50 Late Style Dresses to Sell at \$14.95.

Not a Sample Dress in the Lot

Oh we could have bought
sample dresses—hundreds of
them—for manufacturers are
only too anxious to rid them-
selves of every sample they
own.

But it is an absolute fact
that sample gowns when
displayed on living models in
show rooms receive more
hard wear in two months
time than the average wo-
man would give them in the
course of an entire season.

So when we had the oppor-
tunity to secure these clean
fresh new goods from regu-
lar stock we grabbed them
up in a hurry knowing full
well our customers would
better appreciate this kind of
merchandise.

Gold Bond Stamps
With
Every Purchase

Beginning on the very first day of the new month a Sale of Dresses that is without doubt the most important the season has produced—or likely will produce. Important in more ways than one—in the actual number of dresses involved, in the excellence of their quality and style, but most important of all for the wonderful values it brings to our customers. These Dresses constitute a special purchase recently made in New York by Mr. F. W. Wright himself, and are absolutely new—in everything.

\$14.95

For Dresses that Would Sell
Regularly up to \$22.50

And when we say worth up to \$22.50 we mean just that for there is no place in this store for fictitious values.

The style assortment is equally good for the woman and the miss with big enough variety for each to make choosing a very easy matter.

A fine opportunity to save \$5 to \$7 with the season only fairly begun.

Styles and Materials

High waist effects, straight line models, sports styles, coat dresses and other styles suitable for street and afternoon wear.

As for material—there are taffetas, crepe de chine, crepes meteor, shantung, georgettes and taffeta combinations in all good shades.

All Wanted Sizes 16 to 44

Children's \$1.50 Dresses \$1.29!

All Sizes 6 to 14 Years

One very large special group of girls' dresses in straight line effects, high waisted models, Russian blouse and sports styles.

Materials are volles, gingham, linens, and chambrays in stripes, checks, plaids, solid shades, and fancy figures in every desirable color.

When we say worth to \$1.50, we are stating it mildly, for many are worth more.

\$10.75

For Dresses That Would Sell
Regularly at \$15.00.

The woman who needs one more dress to complete her Summer outfit should by all means investigate this special group.

She is certain to find a style to her liking, besides enjoying the benefit of a saving of more than \$4 on her purchase.

As there are upwards of 100 dresses in this group, selection is in no wise limited and there is an ample range of colors and styles.

Colors, Styles and Materials

Crepe de chine, Shantung, taffeta, Pongee and charming combina-
tions, in styles admirably suited for street, afternoon or sports wear.

Every good color of the season is represented—white, black, navy, copen, gold rose, grey, wistaria, tan, and green.

We cannot emphasize too strongly the fine values these are at only \$10.75.

WEDNESDAY IS BLUEBIRD DAY

"THE PULSE OF LIFE."

There are two bills of major

importance pending. One is the Senate

Beldelman measure which re-
peals the Clark act and provides for

a mayor vested with the veto power

and a council elected on a partisan

ticket, to be composed of one mem-
ber from every city ward. Deloga-

tious from 13 third class cities ap-
peared at a public hearing Wednesday

to remonstrate against the passage of

this act. The other third class city

measure pending is the Ramsey bill,

introduced at the request of the Le-
ague of Third Class Cities in order to

make some purely administrative

changes in the Clark act. This bill

has been amended in committee so as

to provide for a council elected at

large but on partisan ballots. Thus,

bills repealing the non-partisan elec-
tion in both second and third class

cities are now pending.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.

Edwards' Olive Tablets

The secret of keeping young is to

feel young—to do this you must watch

your liver and bowels—there's no need

of having a sallow complexion—dark

ringing under your eyes—pimples—a bil-

ious look in your face—dull eyes with

no sparkle. Your doctor will tell you

ninety per cent of all sickness comes

from inactive bowels and liver.

Dr. Edwards, a well-known physician

in Ohio, perfected a vegetable com-
pound mixed with olive oil to act on

the liver and bowels, which he gave to

his patients for years.

Dr. Edwards' Olive Tablets the sub-
stitute for calomel, are gentle in their

action, yet always effective. They bring

about that exuberance of spirit, that
natural buoyancy which should be en-
joyed by everyone, by toning up the liver
and clearing the system of impurities.

You will know Dr. Edwards' Olive
Tablets by their olive color. 10c and
75c per box. All druggists.
